

About the Shippensburg Human Services Council

Third Friday of each month

September-May

The Shippensburg Community Resource Coalition has been coordinating the Human Services Council Luncheons since 2013, but it was in existence for many years prior thanks to a core group of committed community members who saw the need to share information across organizations about the human services programs and challenges in Shippensburg. This is particularly true given that Shippensburg is part of both Cumberland and Franklin Counties. The intent of the meetings is to bring together community organizations, county agencies and anyone interested in human services in the Shippensburg area. The luncheons are open to the public and follow the same general schedule, with exact times changing based on number of participants and length of time requested by the presenter:
